HTML5 • CSS3/SASS/LESS • Bootstrap • Sinatra • Object Oriented Design
Model View Controller • Relational Databases (SQLite, PostgreSQL) • ORM with Active Record

EXPERIENCE

Dev Bootcamp

Web Developer, Graduate

San Francisco, CA
Jun. 2014 – Oct. 2014

- 1,000+ hours experience building web applications with Ruby on Rails and Javascript.
- Produced 5 team projects with a variety of approaches from a Rails-heavy MVC architecture to building backend API's that feed JSON to the client.
- Gained experience in client-side, dynamic web applications and best practices in object-oriented Javascript, JQuery and AJAX.
- Developed strong front-end design patterns such as Atomic CSS and OO CSS, using HTML5, SASS/LESS, Bootstrap, and Javascript.
- Strengthened leadership, communication and teamwork skills through 500+ hours of pair programming and group projects.
- Developed a comprehensive understanding of RESTful API's and OAuth 2.0 through projects utilizing Google Maps, LinkedIn and Twitter.
- Applied Test-Driven Development for unit/controller tests using RSpec and browser-side feature tests with Capybara.

Active Network

Content Management for Active Golf, Intern

San Diego, CA
Feb. 2014 – Jun. 2014

- Successfully launched 13 customer websites using HTML/CSS and the Active Content Management system to update content and deliver a visually pleasing and structured site.
- Solved customer website editing and implementation issues across a variety of browsers.
- Facilitated communications between customers and management team by organizing information and feedback through Asana.

San Diego Canyonlands

Sustainability Stewardship Coordinator, Intern

San Diego, CA
Jul. 2013 – Dec. 2013

- Managed email communications between San Diego Canyonlands, Canyonlands members and volunteers, and Friends of Ruffin Canyon, to bolster community support and event attendance.
- Coordinated guided tours, clean up events, and lead informational presentations and conservation efforts at Ruffin Canyon in Serra Mesa.
- Site Captain for Coastal Cleanup Day managing: event preparation, data collection, relationship with I Love a Clean San Diego, and volunteers to remove 5,940 lbs. of debris and 350 lbs. of recycling.
